NOTICE.

THE following notification [No. 344 (Education), dated 17th September 1888, by the Government of India, page 428, Part I] from the *Gazette of India* of the 22nd September 1888 is re-printed for general information.

EDUCATION.

The 17th September 1888.

No. 344.—The Government of India having taken into its consideration certain representations made by the Central Committee of the "Countess of Dufferin's Fund," and by the Committee of School Inspectors assembled in 1886 to revise the European School Code, is anxious to prescribe a text-book on domestic economy and sanitary science for the use of the senior classes of English and Anglo-Vernacular schools. What is required is a work which shall primarily treat of the subjects dealt with in the Sanitary Primer, entitled the "Way to Health," in a manner suitable for more advanced and senior pupils, and also discuss topics of domestic economy. The principles of elementary physiology, so far as is appropriate and necessary to elucidate the other subjects, should also be discussed. It is desirable that the book should be handy in form, and it therefore should not cover more than 150 pages of small octavo size. The Governor-General in Council considers that the best means of securing a text-book of the required character is to offer a reward for the preparation of such a work. His Excellency in Council has accordingly decided to offer a reward of Rs. 1,000 for the best text-book on the subject. Competitors should send their compositions to the Home Office, Simla, either in print or in very legible manuscript (half margin), not later than the 1st September 1889. Each work should bear a motto and have a sealed envelope attached, with the same motto outside and the name of the author within.

The successful manuscript will become the property of the Government. Unsuccessful manuscripts will be returned, if the author's address be communicated in the attached sealed envelope.

The Government of India reserves to itself the right of withholding the reward of granting only a portion of it should no work attain the required standard of excellence.

The following works may with advantage be consulted by intending competitors:—

BOARD OF REVENUE, L. P., Calcutta, the 31st December 1888.

No. 64B.

NOTICE.

I.—Whereas the refund of the duty paid on salt has as a matter of grace been granted from time to time when the salt has been lost, SALT MERCHANTS, their AGENTS, and MANJIS, engaged in obtaining delivery of duty-paid salt ARE HEREBY INFORMED that no claim for the refund of duty on salt lost by boat-wreck will in future be entertained, unless the following points are proved to the satisfaction of the Board of Revenue:—

1st.—That the Preventive Officer, before giving delivery, was satisfied that the boat was not obviously unsafe or unfit for a salt cargo.

2nd—That the salt was lost

3rd—That every possible effort was made by the crew of the boat to save the cargo.

4th—That there was no neglect or fraud on the part of any person concerned with the salt.

5th—That the loss of the salt occurred before the completion of the act of formal delivery of the boat's cargo.

6th—That application for reweighment was made without any avoidable delay to the Superintendent of the Preventive Service.

7th—That before the reweighment the salt was (except under special circumstances which may render this impossible) in the custody of a Customs Officer to be deputed under paragraph VI.

8th—That the expenses incurred for custody of the salt and reweighment have been paid by the rowannah-holder or other person concerned with the salt.

II.—The act of formal delivery of the boat's cargo is to be considered to be completed when (a) the salt in the boat has been adulterated, or (b) the boat-note has been made over, or (c) the boat with a full cargo has cast off from the ship's side or the jetty at the salt golahs.

III.—Refunds of duty will not be allowed after completion of delivery in the case of loss by any accident, such as collision with buoys, the Howghly bridge, ships or other boats, or stormy weather. On the occurrence of a cyclone, the special circumstances of the case will be considered.

IV.—The PREVENTIVE OFFICER is, before commencing delivery, to give notice in writing to the rowannahdar or his koyal or sirdar cooly, or the person taking delivery on his behalf, whose name is endorsed on the back of the rowannah, whether the boat into which it is proposed to take delivery is unsafe or unfit for a salt cargo; and, if the boat appears to become unsafe or unfit during the course of delivery, he is similarly to give notice.

V.—If the rowannah-holder or his representative (as described in paragraph IV) decides to take delivery or to continue taking delivery into a boat which the Preventive Officer has stated to be unsafe or unfit for a salt cargo, he is to be required to endorse his decision on the written notice given by the Preventive Officer, and no claim for refund of duty will, in event of loss, be entertained.

VI.—If the PREVENTIVE OFFICER during the course of delivery, i.e., before it is formally complete, considers it necessary for the safety of the salt to order that the boat be cast off from the ship and beached, he may do so. He is then to arrange for the Customs flag to be hoisted on the foremast head for the information of the DIVISIONAL AND PATROL CUSTOMS OFFICERS, who on arrival are to arrange for the safe custody of the salt by placing it, if possible, under adul, and if necessary sending an application to the SUPERINTENDENT of the PREVENTIVE SERVICE for a special CUSTOMS OFFICER to take charge thereof.

VII.—The special CUSTOMS OFFICER deputed under paragraph VI is to be paid for at the rate of five rupees a day with the usual fees for overtime work. If the rowannah-holder or his representative (as described in paragraph IV) declines to ask for the services of a special officer, the salt is to be left at his risk, and no claim for refund of duty will be entertained. If the salt has already been taken into safe custody, it is not to be given up until all expenses have been paid.

VIII.—On an application for reweighment of salt alleged to have been saved from boat-wreck, the SUPERINTENDENT of the PREVENTIVE SERVICE is to require the applicant to pay the expenses of the special officer deputed under paragraph VI and of the reweighment, and is on payment thereof to have the salt reweighed at once.

IX.—The object of this notice is to show the circumstances under which a claim for refund of duty on loss of salt by boat-wreck will not be entertained. No promise is made that claims entertained will necessarily be granted, and no admission is hereby made that any claim can be made of right under any section of any law.

- I.—The Commander of every vessel, including buggalows or other native craft, arriving from Bombay, shall, before entering the harbour, indicate by signal the port from which such vessel has come.
- II.—Such Commander shall not, except as hereinafter provided, allow any communication, either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.
- III.—Immediately on arrival, the Commander shall cause the letter B of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port, or until authorised by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may ■ pointed out by the Port authorities, having regard to the season of the year. If communication with the shore is desired, the Health Officer shall go alongside the vessel, and, after all necessary enquiries, shall direct the Commander to take the vessel to the quarantine anchorage duly appointed and notified in that behalf by the

Resident, there to remain for a period of seven days from the date of arrival, or for the shorter period prescribed in Rule IV, and undergo disinfection, which should apply as well to crew, passengers, effects, and susceptible goods.

IV.—If the Health Officer of the Port has sufficient evidence that no cases of a suspicious nature have taken place on board during the voyage, and if the vessel is besides in good hygienic condition, the duration of the quarantine will be diminished according to the following scale:—

After eight days of voyage	six days of quarantine.

Do. twelve ditto	two ditto.
Do. thirteen ditto	and upwards	...	twenty-four hours of quarantine.

V.—If during the period a vessel is at the quarantine anchorage aforesaid, any case or cases of cholera should occur on board, the said vessel shall remain in quarantine for a period of seven days from the date of the last case occurring and be subject to all the prohibitions provided for in Rule III.

VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of seven days. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

VIII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine to be subsequently removed by members of their crews.

IX.—All vessels arriving at Aden and Perim, which may have communicated with vessels coming from Bombay, shall be subjected to the same quarantine as vessels arriving at Aden and Perim from that Port.

BOARD OF REVENUE, L.P., FORT WILLIAM, the 29th January 1889.

No. 64 B.

NOTICE.

It—Whereas the refund of the duty paid on salt has as a matter of grace been granted from time to time when the salt has been lost, SALT MERCHANTS, their AGENTS, and MANJIS, engaged in obtaining delivery of duty-paid salt ARE HEREBY INFORMED that no claim for the refund of duty on salt lost by boat-wreck will in future be entertained, unless the following points are proved to the satisfaction of the Board of Revenue:—

1st.—That the Preventive Officer, before giving delivery, was satisfied that the boat was not obviously unsafe or unfit for a salt cargo.

2nd.—That the salt was lost

3rd.—That every possible effort was made by the crew of the boat to save the cargo.

4th.—That there was no neglect or fraud on the part of any person concerned with the salt.

5th.—That the loss of the salt occurred before the completion of the act of formal delivery of the boat's cargo.

6th.—That application for reweighment was made without any avoidable delay to the Superintendent of the Preventive Service.

7th.—That before the reweighment the salt was (except under special circumstances which may render this impossible) in the custody of a Customs Officer to be deputed under paragraph VI.

8th.—That the expenses incurred for custody of the salt and reweighment have been paid by the rowannah-holder or other person concerned with the salt.

II.—The act of formal delivery of the boat's cargo is to be considered to be completed when (a) the salt in the boat has been adulterated, or (b) the boat-note has been made over, or (c) the boat with a full cargo has cast off from the ship's side or the jetty at the salt golaha.

III.—Refunds of duty will not be allowed after completion of delivery in the case of loss by any accident, such as collision with buoys, the Hooghly bridge, ships or other boats, or stormy weather. On the occurrence of a cyclone, the special circumstances of the case will be considered.

IV.—The PREVENTIVE OFFICER is, before commencing delivery, to give notice in writing to the rowannahdar or his koyal or sirdar cooly, or the person taking delivery on his behalf, whose name is endorsed on the back of the rowannah, whether the boat into which it is proposed to take delivery is unsafe or unfit for a salt cargo; and, if the boat appears to become unsafe or unfit during the course of delivery, he is similarly to give notice.

V.—If the rowannah-holder or his representative (as described in paragraph IV) decide to take delivery or to continue taking delivery into a boat which the Preventive Officer has noted to be unsafe or unfit for a salt cargo, he is to be required to endorse his decision on the written notice given by the Preventive Officer, and no claim for refund of duty will, in event of loss, be entertained.

VI.—If the PREVENTIVE OFFICER during the course of delivery, *i.e.*, before it is formally complete, consider it necessary for the safety of the salt to order that the boat be cast off from the ship and beached, he may do so. He is then to arrange for the Customs flag to be hoisted on the foremast head for the information of the DIVISIONAL AND PATROL CUSTOMS OFFICER, who is on arrival to arrange for the safe custody of the salt by placing it, if possible, under adul, and if necessary sending an application to the SUPERINTENDENT of the PREVENTIVE SERVICE for a special CUSTOMS OFFICER to take charge thereof.

VII.—The special CUSTOMS OFFICER deputed under paragraph VI is to be paid for at the rate of five rupees a day with the usual fees for overtime work. If the rowannah-holder or his representative (as described in paragraph IV) declines to ask for the services of a special officer, the salt is to be left at his risk, and no claim for refund of duty will be entertained. If the salt has already been taken into safe custody, it is not to be given up until all expenses have been paid.

VIII.—On an application for reweighment of salt alleged to have been saved from boat-wreck, the SUPERINTENDENT of the PREVENTIVE SERVICE is to require the applicant to pay the expenses of the special officer deputed under paragraph VI and of the reweighment, and is on payment thereof to have the salt reweighed at once.

IX.—The object of this notice is to show the circumstances under which a claim for refund of duty on loss of salt by boat-wreck will not be entertained. No promise is made that claims entertained will necessarily be granted, and no admission is hereby made that any claim can be made as of right under any section of any law.

NOTIFICATION.

The 2nd February, 1889.—The following reports of the Bruce Institution for the years 1887 and 1888 are published for general information.

P. NOLAN,
Secretary to the Govt. of Bengal.

THE BRUCE INSTITUTION.

I.—THE BRUCE LEGACY.

1. The testatrices of this bequest, Miss Sarah Bruce and Miss Mary Ann Bruce, were the daughters of Mr. Alexander Bruce, who was for many years engaged as an indigo planter in India. After making a fortune in this country, he returned to England with his two daughters, at that time of a tender age, and took up his residence in London. In 1827 Mr. Bruce died, and left his two daughters all his fortune. They had only one near relation, a Colonel Bruce, who was their first cousin, and who is reported to have been a Waterloo veteran, and to have fought with Wellington throughout the Peninsular war.

2. The elder sister, Miss Sarah Bruce, actuated, it may be presumed, by a knowledge of the lamentable condition of the poorer classes of the domiciled Christian community in and about Calcutta, was desirous of leaving the bulk of her property for the purpose of founding an institution in Calcutta for the

maintenance and education of Eurasian female children. She persuaded her sister to follow her example, and they finally executed wills by which they dedicated the greater portion of their joint fortunes to that object. The trusts created under these wills directed that the bequests should be applied "for or towards the foundation and endowment of any institution at Calcutta or at any place within 50 miles thereof for the education and maintenance of half-caste or Eurasian female children, whether legitimate or otherwise, and in particular orphans or those deserted by their parents, such children to be admitted only between the ages of 5 and 10 years, and to be maintained until they can be provided for in some respectable and useful station in life.

3. The elder sister died in 1878, and the younger in 1880. The sums received under Miss Sarah Bruce's will, after deducting legal expenses, amount to £28,766-11-0, and further securities valued at £22,000 will be added to the bequest on the death of two legatees mentioned in her will; the amount received under Miss Mary Ann Bruce's will is about £17,000. The ultimate value of the joint bequest may therefore be estimated at nearly ten lakhs of rupees.

4. It appears that as early as the year 1836, the Secretary of State for India had received communications from the Misses Bruce, intimating their intention of founding this Indian charity. In 1881, however, after the death of the testatrices, the Government of India, at the instance of the Secretary of State, requested the Government of Bengal to prepare a scheme for the administration of the legacy. On the recommendation of the Director of Public Instruction, Bengal, the subject was referred to the Committee appointed to consider the question of European and Eurasian education in India. The Director of Public Instruction, as President of the Committee, in his report on the subject pointed out that a serious difficulty presented itself at the outset in the meaning to be attached to the term 'institution'. Was it necessary to build and maintain a separate home and school; or would it be sufficient if the girls to be benefited by the trust were placed in one or more existing institutions having similar objects? A further and more serious difficulty presented itself in the absence of any reference to religious distinctions. The wills made poverty and necessity the sole grounds for admission to the benefits of the trust; but the Director proceeded to say, in reference to the claim of the Roman Catholic Church to control even the secular education of children of that communion, that "if religious distinctions are ignored, the necessary result will be to deprive the majority of the class for whom the trust was devised from any share in its benefits." "It is only by recognising religious distinctions that the benefits of the trust can be extended to all denominations of the Eurasian community."

5. This was also the view which commended itself to the Governments of India and Bengal. On the receipt of the Committee's report, however, the Government of Bengal, in consultation with the law officers of Government, finally resolved to have a scheme for the administration of the trust prepared under the direction of the High Court of Calcutta. A suit was accordingly instituted (the Advocate-General of Bengal *versus* the Secretary of State for India in Council) "for the construction of the wills of Miss Sarah Bruce and Miss Mary Ann Bruce, deceased, as to the charitable trusts therein mentioned, and to have a scheme framed for administering the said trusts, &c." By a decree of the Hon'ble High Court, dated the 26th August 1886, a scheme for the administration of the Bruce Legacy Fund was adopted, and provision was made for the establishment and management of the Institution on an undenominational basis. The costs incurred in this suit, on both sides, amounted to a sum slightly above Rs. 6,000.

6. Under this decree it was declared that "an institution shall be established for the purpose of carrying out the trusts for the benefit of half-caste or Eurasian female children, contained in the wills of Miss Sarah Bruce and Miss Mary Ann Bruce, and of administering the funds provided for that purpose. The Institution shall be called the Bruce Institution," and "shall be under the management of twelve Governors The Governors shall provide an office in Calcutta at which . . . the business of the Institution shall be carried on The girls to receive the benefits of the Institution shall be elected by the

Governors Each girl who has been elected shall be educated and maintained by the Governors at such suitable boarding school as they may from time to time select. In selecting from time to time the school at which the girls shall be educated and maintained, the Governors shall take into account the religious denomination of the school and all other circumstances which they may deem material." By the interpretation thus given to the term 'institution,' the religious difficulty altogether disappeared.

II.—THE BRUCE INSTITUTION, 1887.

7. *Control.*—Under the scheme the management of the Institution is vested in a representative body of twelve Governors, five *ex-officio* and seven others, nominated in the first instance by the High Court for a term of three years, and thereafter to be appointed by the Local Government. The *ex-officio* Governors are the Hon'ble the Chief Justice of Bengal, the Bishop of Calcutta, the Inspector-General of Civil Hospitals in Bengal, the Chairman of the Calcutta Municipality, and the Director of Public Instruction. The Governors have the entire control of the Institution and of its income, subject in certain cases to the approval and confirmation of the Local Government. The first meeting of the Governors was held on the 1st December 1886, at which Sir Alfred Croft, Director of Public Instruction, was asked, and consented, to accept the appointment of Honorary Secretary to the Institution under rule 22, and it was agreed that with his consent the office of the Director of Public Instruction in Writers' Buildings should, for the present, be the office at which, in conformity with rule 21, the meetings of the Governors should take place, and the business of the Institution be carried on. Mr. Wilmot C. Dover was appointed under rule 23, and placed in charge of the office.

8. During the year 1887 there were two changes in the Board of Governors: the Government of Bengal under rule 10 appointed the Ven'ble F. R. Michell, Officiating Archdeacon of Calcutta, to be a Governor of the Institution, *vice* the Ven'ble Archdeacon Atlay, retired; and the Reverend G. W. Manson, Officiating Senior Chaplain of the Church of Scotland, to be a Governor, *vice* the Reverend G. G. Gillan, on furlough. Mr. C. H. Tawney, while officiating for the Director of Public Instruction, acted as Honorary Secretary to the Institution for a period of four months, from May to September 1887, during Sir Alfred Croft's absence on deputation.

9. *Capital and Income.*—The capital funds of the Institution, invested in Government securities and in the hands of the Secretary of State, amount to Rs. 6,33,900; a further investment of Rs. 12,000 was made by the Governors out of the accumulations of interest in May 1887, making in all a total of six-and-a-half lakhs in round numbers—a sum nearly equal to the aggregate capital of the trust funds, about thirty-six in number, administered by the District Charitable Society of Calcutta. The cash balance of the fund, amounting to Rs. 13,266-3-5, was made over to the Governors and placed to the credit of an account current, opened in the name of the Institution in the Bank of Bengal. The annual income of the Institution amounts to nearly Rs. 26,000, and is applied solely to the objects specified in rules 3 and 20 of the scheme of management. The accounts were closed up to the 31st December 1887, and were audited by the Examiner of Local Accounts; the report of the auditor, together with a copy of the accounts, was forwarded to the Chief Secretary to the Government of Bengal under rule 28.

10. *Elections.*—The preliminary election was held in the month of February, and the first annual election in August 1887. The opinion expressed by the Director of Public Instruction, in his report abovementioned, that "the Eurasian poor are more than sufficient to fill many times over the Bruce Institution," and that there would "be no want of candidates.....who fulfil, in every respect of poverty and destitution, all the conditions required by the trust," was fully borne out by subsequent facts. For the preliminary election, applications for admission were received on behalf of 221 girls, and at the election held in August 1887, about 80 applications were received for the ten vacancies that were notified. At the preliminary election, it was held by the Governors that all children who had attained the age of ten years not earlier than the month of August 1886, the time fixed for the annual election, should be

considered eligible; and except in the case of children who had lost both parents, preference was given to those who were approaching the higher limit of age, and to those who were members of large families. On the report of a Sub-committee appointed to consider the applications for admission, 69 children were elected to the benefits of the Institution at the preliminary election; at the election in August, 10 others were added to the number; making in all a total of 79 girls, who are being educated and maintained at the cost of the Institution. The following statements exhibit particulars as to the class and religion of the girls on the foundation:—

CLASS.	ELECTION.		TOTAL.
	February.	August.	
I.—Orphans, or those deserted by their parents ...	20	4	24
II.—Fatherless or those deserted by their father, or father incapable ...	45	6	51

RELIGION.	ELECTION.		TOTAL.
	February.	August.	
Roman Catholic	37	5	42
Church of England	28	3	31

11. *Schools.*—The schools at present selected by the Governors under rule 39, and approved by the Local Government under rule 43, as suitable for the education and maintenance of girls on the Foundation are nine in number, viz:—

1. La Martinière for Girls, Calcutta.
2. Calcutta Free School.
3. Pratt Memorial School, Calcutta.
4. Doveton Institution for Young Ladies, Calcutta.
5. Wesleyan Girls' School, Calcutta.
6. Calcutta Girls' School.
7. Loretto Convent, Entally, Calcutta.
8. St. Paul's Mission School, Calcutta.
9. Protestant European School, Cuttack.

12. *Nature and Cost of Education.*—The nature of the education afforded to the girls is that of primary and middle schools as defined in the Code of Regulations for European Schools in Bengal; in special cases, however, a higher standard of education may be imparted. The end sought is to fit the girls for a respectable and useful station in life. The average monthly cost of the education of each girl on the Foundation amounts to Rs. 16 2-11; an additional allowance is made to the Pratt Memorial and Calcutta Girls' Schools on account of outfit. The total amount paid under the head of "Education and Maintenance" during the year 1887 was Rs. 11,435.

13. *Examinations.*—As all the schools at which the girls are at present placed are under Government inspection, the Governors have prescribed no separate examination, but obtain from the Inspector of European Schools copies of the reports of his annual examination and inspection of each school, together with copies of the examination schedules of each girl on the Foundation. The subjoined table shows the results of the annual examination for the

school year 1886-87. A large number (33) of the girls, being at present in the infant class, were not examined:—

Standard.	Number of pupils in each standard.	Number presented for examination.	Number passed in all subjects.	NUMBERS FAILED IN—				Number that earned grants.
				One subject.	Two subjects.	Three subjects.	Four subjects.	
I	16	15	11	4	15

III	10	10	4	3	2	1	9
IV	3	3	1	1	1	3
Total ...	45	44	24	14	4	2	1	42

These results were considered by the Governors to be satisfactory.

14. *Inspection.*—The Governors, however, reserve to themselves full powers of inspection and supervision over all matters affecting the health and comfort of the girls; and for this purpose they appoint one of their number to be a visiting Governor for six months, whose duty it is to visit each school within that term, and to report upon them at its expiration. Favourable reports have generally been made of the girls in regard to conduct, application and attendance. They have generally enjoyed good health, with the single exception of a girl, named Hilda Pereira, who was admitted to the Entally Convent in March 1887. It was remarked by the Convent authorities that the child was ailing at the time of her admission. On the 27th July she was removed by her mother to the Calcutta Medical College Hospital, where, about a fortnight later, she died.

15. *Meetings.*—The Governors held 10 meetings during the year, including two in December 1886.

A. CROFT, *Honorary Secretary.*

BRUCE INSTITUTION, 1888.

1. *Control.*—During the year 1888, Mr. A. M. Nash, Inspector of European Schools, Bengal, was appointed under rule 10 to be a Governor, *vice* Mr. W. J. Simmons, resigned. The Lord Bishop of Calcutta proceeded to Europe on furlough, and the Reverend G. W. Manson obtained three months' leave on account of ill-health. The following is the list of Governors at the close of the year.—

The Hon'ble the Chief Justice of Bengal ...	} <i>Ex-officio.</i>
The Most Reverend the Lord Bishop of Calcutta ...	
Dr. A. J. Cowie, Inspector-General of Civil Hospitals, Bengal.

The Hon'ble Sir Alfred Croft, K.C.I.E., Director of Public Instruction, Bengal.	
The Hon'ble Mr. Justice Beverley.	
The Very Reverend E. Lafont, S.J., C.I.E.	
W. H. Ryland, Esq.	
The Reverend R. Robinson.	
The Ven'ble F. R. Michell, Officiating Archdeacon of Calcutta.	
The Reverend G. W. Manson.	
A. M. Nash, Esq.	

Mr. W. C. Dover, the assistant in charge of the office, having obtained an appointment in the Education Department, left in the month of July, and Mr. J. D'Silva was placed in temporary charge, in which he has subsequently been confirmed.

2. *Capital and income.*—The capital funds of the institution invested in Government securities, amounting to Rs. 6,45,000, were increased by further investments of Rs. 8,100 and Rs. 6,000 out of savings in the income of the institution, thus making a total of Rs. 6,60,000. The investments in Government securities have been converted into stock-notes under Chapter 10 of the Civil Account Code, and are held by the Comptroller-General.

The annual income of the institution, which in 1887 amounted to Rs. 25,836, has, owing to these investments, increased to Rs. 26,320.

3. *Elections.*—The annual election was held in the month of August. For the ten vacancies that were notified, 80 applications were received, and of this number the ten most deserving cases were selected on the report of a Sub-Committee appointed for the purpose. On the special recommendation of the Sub-Committee, another child was added to the number. Three of the children in the Loretto Convent, Entally, were withdrawn during the year by their parents or guardians. At the close of the year there were 86 girls on the foundation, distributed among the various schools as follows:—

Loretto Convent, Entally	43
Calcutta Free School	21
St. Paul's Mission School	2
Pratt Memorial School	9
Calcutta Girls' School	7
Doyton Institution for Young Ladies	1
Protestant European Orphanage, Cuttack	3

4. *Education.*—The average monthly cost of the education and maintenance of each girl on the foundation was the same as in the previous year, namely, Rs. 16-3. The amount paid for education and maintenance during the year was Rs. 15,522, or Rs. 4,087 above that of the preceding year.

5. *Examinations.*—The results of the annual examination of the foundationers for the school year 1887-88, as obtained from the Inspector of European Schools, are shown in the following table. In the infant classes were 27 girls who were exempted from examination; and two girls in the Pratt Memorial School, were not examined.

6. *Inspection.*—Mr. W. H. Ryland was appointed visiting Governor for the first, and the Reverend G. W. Manson for the second half-year, the Ven'ble Archdeacon Michell taking up the work of visitation during the absence of the Reverend G. W. Manson, on leave. A favourable report has been generally given by the school authorities of the conduct, application, and attendance of the girls on the foundation, the only exception being that of a very young girl in the Calcutta Free School, who was accused of stealing.

Mr. Ryland in his report states that a spacious dormitory has lately been added to the building of the Loretto Convent, Entally, which has in this respect an advantage over some of the other institutions, but that in the provision made for the health, comfort, care, and cleanliness of the girls, nothing seems wanting in any of the schools to which girls on the foundation have been admitted.

7. *Meetings.*—Four meetings were held during the year, and among the various resolutions passed, the following may be noted:—

- (a) To allow a uniform rate of Rs. 32, plus Re. 1-8, Burial Board fees, for the funeral expenses of girls dying while on the foundation
- (b) To support the authorities of the schools in any disciplinary measures, which they might adopt in order to secure the punctual return of girls on the foundation to school after the close of a vacation.

No. 64B.

NOTICE.

I.—Whereas the refund of the duty paid on salt has as a matter of grace been granted from time to time when the salt has been lost, SALT MERCHANTS, their AGENTS, and MANSIS, engaged in obtaining delivery of duty-paid salt ARE HEREBY INFORMED that no claim for the refund of duty on salt lost by boat-wreck will in future be entertained, unless the following points are proved to the satisfaction of the Board of Revenue:—

- 1st—That the Preventive Officer, before giving delivery, was satisfied that the boat was not obviously unsafe or unfit for a salt cargo.
- 2nd—That the salt was lost.
- 3rd—That every possible effort was made by the crew of the boat to save the cargo.
- 4th—That there was no neglect or fraud on the part of any person concerned with the salt.
- 5th—That the loss of the salt occurred before the completion of the act of formal delivery of the boat's cargo.
- 6th—That application for reweighment was made without any avoidable delay to the Superintendent of the Preventive Service.
- 7th—That before the reweighment the salt was (except under special circumstances which may render this impossible) in the custody of a Customs Officer to be deputed under paragraph VI.
- 8th—That the expenses incurred for custody of the salt and reweighment have been paid by the rowannah-holder or other person concerned with the salt.

II.—The act of formal delivery of the boat's cargo is to be considered to be complete when (a) the salt in the boat has been aduhed, or (b) the boat-note has been made over, or (c) the boat with a full cargo has cast off from the ship's side or the jetty at the salt golahs.

III.—Refunds of duty will not be allowed after completion of delivery in the case of loss by any accident, such as collision with buoys, the Houghly bridge, ships or other boats, or stormy weather. On the occurrence of a cyclone, the special circumstances of the case will be considered.

IV.—The PREVENTIVE OFFICER is, before commencing delivery, to give notice in writing to the rowannahdar or his koyal or sirdar cooly, or the person taking delivery on his behalf, whose name is endorsed on the back of the rowannah, whether the boat into which it is proposed to take delivery is unsafe or unfit for a salt cargo; and, if the boat appears to become unsafe or unfit during the course of delivery, he is similarly to give notice.

V.—If the rowannah-holder or his representative (as described in paragraph IV) decide to take delivery or to continue taking delivery into a boat which the Preventive Officer has stated to be unsafe or unfit for a salt cargo, he is to be required to endorse his decision on the written notice given by the Preventive Officer, and no claim for refund of duty will, in even of loss, be entertained.

VI.—If the PREVENTIVE OFFICER during the course of delivery, i.e., before it is formally complete, consider it necessary for the safety of the salt to order that the boat be cast off from the ship and beached, he may do so. He is then to arrange for the Customs flag to be hoisted on the foremast head for the information of the DIVISIONAL AND PATROL CUSTOMS OFFICERS, who is on arrival to arrange for the safe custody of the salt by placing it, if possible, under aduh, and if necessary sending an application to the SUPERINTENDENT of the PREVENTIVE SERVICE for a special CUSTOMS OFFICER to take charge thereof.

VII.—The special CUSTOMS OFFICER deputed under paragraph VI is to be paid for at the rate of five rupees a day with the usual fees for overtime work. If the rowannah-holder or his representative (as described in paragraph IV) declines to ask for the services of a special officer, the salt is to be left at his risk, and no claim for refund of duty will be entertained. If the salt has already been taken into safe custody, it is not to be given up until all expenses have been paid.

VIII.—On an application for reweighment of salt alleged to have been saved from boat-wreck, the SUPERINTENDENT of the PREVENTIVE SERVICE is to require the applicant to pay the expenses of the special officer deputed under paragraph VI and of the reweighment, and is on payment thereof to have the salt reweighed at once.

IX.—The object of this notice is to show the circumstances under which a claim for refund of duty on loss of salt by boat-wreck will not be entertained. No promise is made that claims entertained will necessarily be granted, and no admission is hereby made that any claim can be made as of right under any section of any law.

1. The Honorary Presidency Magistrates shall sit in the rotation arranged by the Chief Magistrate.

2. The Honorary Presidency Magistrates shall try only such cases as may be referred to them by the Chief Magistrate or by his orders.

3. The Honorary Presidency Magistrates shall ordinarily open their Courts at noon, and rise at 5 p.m., on the dates fixed by the Chief Magistrate. A special bench may, however, be convened on any other day or any other hour by the Chief Magistrate.

4. A bench shall ordinarily be composed of not less than three Magistrates, when they are all Honorary Magistrates; or of two when one of them is a stipendiary; but the Chief Magistrate may, in his discretion, permit any two Honorary Presidency Magistrates to proceed with the hearing and disposal of cases.

5. The Chief Magistrate may, should he deem it desirable, appoint any Honorary Presidency Magistrate sitting singly to be a Court, and on business being sent to him by the Chief Magistrate, he shall dispose of the same, but not otherwise.

6. Should any Honorary Presidency Magistrate named for attendance on a Bench fail to be present on the appointed day, the Chief Magistrate may, in his discretion, either summon another Magistrate, or direct that the Bench should proceed without the absent member.

10. The Chairman shall himself ordinarily record the evidence and judgment in cases where a record of evidence and judgment is necessary; but such duty may, with his consent, be performed by any of his colleagues, or the evidence and judgment may be taken down by the Registrar of the Court at the dictation of the Chairman.

11. A bench may hold one or more adjourned sittings, should it be necessary to do so for the disposal of business or of part-heard cases; but it shall be open to a bench at the close of each sitting either to refer unheard cases back to the Chief Magistrate for disposal, or to postpone them to some other day as may be most convenient, but adjournments should be, as far as possible, *de die in diem*.

12. Any part-heard case adjourned by a bench composed of three Magistrates may be proceeded with on the day fixed for the adjourned hearing before any two of the said Magistrates; provided always that the accused person or persons give his or their consent. All subsequent hearings of the case, where further adjournments are necessary, shall be before the same two Magistrates.

13. Any part-heard case may be sent back to the Chief Magistrate for disposal, should it appear unsuited for trial by a bench.

1. The Honorary Presidency Magistrates shall sit in the rotation arranged by the Chief Magistrate.
2. The Honorary Presidency Magistrates shall try only such cases as may be referred to them by the Chief Magistrate or by his orders.
3. The Honorary Presidency Magistrates shall ordinarily open their Courts at noon, and rise at 5 P.M., on the dates fixed by the Chief Magistrate. A special bench may, however, be convened on any other day or any other hour by the Chief Magistrate.
4. A bench shall ordinarily be composed of not less than three Magistrates, when they are all Honorary Magistrates; or of two when one of them is a Stipendiary; but the Chief Magistrate may, in his discretion, permit any two Honorary Presidency Magistrates to proceed with the hearing and disposal of cases.
5. The Chief Magistrate may, should he deem it desirable, appoint any Honorary Presidency Magistrate sitting singly to be a Court, and on business being sent to him by the Chief Magistrate, he shall dispose of the same, but not otherwise.
6. Should any Honorary Presidency Magistrate named for attendance on a Bench fail to be present on the appointed day, the Chief Magistrate may, in his discretion, either summon another Magistrate, or direct that the Bench should proceed without the absent member.

The Stipendiary Magistrates shall be *ex-officio* members of benches: the Chief Magistrate shall, if present, officiate as Chairman; in his absence, the Junior Stipendiary Magistrate shall, if sitting, officiate as Chairman. In the absence of both the Stipendiary Magistrates, the Chief Magistrate shall nominate the Chairman.

10. The Chairman shall himself ordinarily record the evidence and judgment in cases where a record of evidence and judgment is necessary; but such duty may, with his consent, be performed by any of his colleagues, or the evidence and judgment may be taken down by the Registrar of the Court at the dictation of the Chairman.

11. A bench may hold one or more adjourned sittings, should it be necessary to do so for the disposal of business or of part-heard cases; but it shall be open to a bench at the close of each sitting either to refer unheard cases back to the Chief Magistrate for disposal, or to postpone them to some other day as may be most convenient, but adjournments should be, as far as possible, *de die in diem*.

12. Any part-heard case adjourned by a bench composed of three Magistrates may be proceeded with on the day fixed for the adjourned hearing before any two of the said Magistrates; provided always that the accused person or persons give his or their consent. All subsequent hearings of the case, where further adjournments are necessary, shall be before the same two Magistrates.

NOTIFICATION.

The 11th February 1889.—The following revised rules which have been framed by the Chief Presidency Magistrate for the guidance of Benches of Magistrates in the Town of Calcutta, under section 21 of Act X of 1882, and sanctioned by the Lieutenant-Governor, are published for general information in supersession of the rules published in the *Calcutta Gazette* of the 4th July 1888:—

1. The Honorary Presidency Magistrates shall sit in the rotation arranged by the Chief Magistrate.
2. The Honorary Presidency Magistrates shall try only such cases as may be referred to them by the Chief Magistrate or by his orders.
3. The Honorary Presidency Magistrates shall ordinarily open their Courts at noon, and rise at 5 p.m. on the dates fixed by the Chief Magistrate. A special bench may, however, be convened on any other day or any other hour by the Chief Magistrate.
4. A bench shall ordinarily be composed of not less than three Magistrates, when they are all Honorary Magistrates; or of two when one of them is a Stipendiary; but the Chief Magistrate may, in his discretion, permit any two Honorary Presidency Magistrates to proceed with the hearing and disposal of cases.
5. The Chief Magistrate may, should he deem it desirable appoint any Honorary Presidency Magistrate sitting singly to be a Court, and on business being sent to him by the Chief Magistrate, he shall dispose of the same, but not otherwise.
6. Should any Honorary Presidency Magistrate named for attendance on a Bench fail to be present on the appointed day, the Chief Magistrate may, in his discretion, either summon another Magistrate, or direct that the Bench should proceed without the absent member.
7. The Stipendiary Magistrates shall be *ex-officio* members of benches: the Chief Magistrate shall, if present, officiate as Chairman: in his absence, the Junior Stipendiary Magistrate shall, if sitting, officiate as Chairman. In the absence of both the Stipendiary Magistrates, the Chief Magistrate shall nominate the Chairman.
8. The Chairman shall conduct the proceedings of the Court, and exercise all the functions in that behalf usually exercised by a Stipendiary Magistrate when sitting singly. He will decide upon the admissibility of evidence, and maintain order in the Court; but it shall be open to any member of the bench to put questions to the witnesses either direct or through the Chairman as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.
9. Every member of a Bench shall have a voice in the finding and sentence. In a bench consisting of three members, the opinion of the majority shall prevail; when there are only two members, the Chairman shall have a casting vote.
10. The Chairman shall himself ordinarily record the evidence and judgment in cases where a record of evidence and judgment is necessary; but such duty may, with his consent, be performed by any of his colleagues, or the evidence and judgment may be taken down by the Registrar of the Court at the dictation of the Chairman.
11. A bench may hold one or more adjourned sittings, should it be necessary to do so for the disposal of business or of part-heard cases; but it shall be open to a bench at the close of each sitting either to refer unheard cases back to the Chief Magistrate for disposal, or to postpone them to some other day as may be most convenient, but adjournments should be, as far as possible, *de die in diem*.

12. Any part-heard case adjourned by a bench composed of three Magistrates may be proceeded with on the day fixed for the adjourned hearing before any two of the said Magistrates; provided always that the accused person or persons give his or their consent. All subsequent hearings of the case, where further adjournments are necessary, shall be before the same two Magistrates.

13. Any part-heard case may be sent back to the Chief Magistrate for disposal, should it appear unsuited for trial by a bench.

THE following information has been received by the British Admiralty (Notice to Mariners No. 38 of 1889) relating to an extensive bank westward of Kintang (Silver island), the result of a survey recently executed by Commander W. U. Moore, H. M. Surveying vessel *Rambler*:—

The north-eastern extreme of this bank, with a depth of 4 fathoms, lies West distant one mile from Taping point, Taping island; thence the edge of the bank, taking 4 fathoms as the limit, trends in a southerly direction for upwards of 3 miles to its south-eastern extreme, from which Taping point bears N. by E. $\frac{1}{2}$ E., distant $3\frac{1}{2}$ miles; a quarter of a mile north-westward of this position the depth is 3 fathoms, and 9 cables from it in the same direction only 2 fathoms; the spit with depths of $1\frac{1}{2}$ to 2 fathoms, thence trending to the north-westward for 3 miles, with a breadth of about half a mile, where it joins the shallow bank hitherto shown on the charts in that direction.

NOTE.—Approaching Yung river from the northward, vessels should keep about half a mile from the projecting points on the western side of Taping and Kintang (Silver island), and not steer for the entrance to Yung river until the whole of Chihai citadel is open southward of Pas Yew (Tiger island) light-house, bearing S. W. $\frac{1}{2}$ W.

(The bearings are Magnetic. Variation 2° Westerly in 1889.)

FORMOSA—NORTH COAST.

Fixed leading lights established and alteration in position of Bar buoys—Tamsui Harbour.

Information has been received by the British Admiralty (Notice to Mariners No. 39 of 1889) that on 7th November 1888 two leading lights, to mark the channel over the bar, were exhibited from the northern side of Tamsui harbour, northern coast of Formosa:—

The front light (low) is a fixed red, white, and green light; it shows red between the bearings of N. 61° E. and N. 86° E., white, between N. 86° E., through east, and S. 84° E., and green, between S. 84° E. and S. 59° E. It is elevated 33 feet above high water, and in clear weather the white light should be visible from a distance of 6 miles.

The illuminating apparatus is dioptric, or by lenses, and of the sixth order.

The light-house, constructed of iron, is painted white, and 45 feet high. It is situated on the northern side of Tamsui harbour, in the position hitherto occupied by a white beacon, which has been withdrawn.

Position, lat. 25° 10' 22" N., long. 121° 25' E.

The rear light (high) is a fixed white light, visible through an arc of 59½°, or between the bearings of N. 68½° E., through east, and S. 52° E. It is elevated 142 feet above high water, and in clear weather should be visible from a distance of 10 miles.

The illuminating apparatus is dioptric, or by lenses, and of the sixth order.

The light is shown from a pillar, 35 feet high, painted white, bearing about S. 86° E. distant 7½ cables from the front light-house, and S. 86° E. about 2 cables from the Red fort.

NOTE.—The bar at the entrance to Tamsui harbour is subject to occasional changes, in consequence of freshets; but the above lights kept in line bearing S. 86° E. will indicate the best channel for crossing the bar, when it is in its normal state.

Also, that the following alterations have been made in the positions of the bar buoys, entrance to Tamsui harbour:—

(1) The southern bar buoy, painted red, has been moved about 2 cables southward; and now lies, in a depth of 26 feet at low water springs, within the red sector of light shown from the front (low) light-house.

(2) The northern bar buoy, painted black, has been moved about half a cable northward, and now lies in a depth of 32 feet at low water springs.

(The bearings are Magnetic, and those affecting lights are given from seaward. Variation 1° Westerly in 1889.)
